LLC Synesis ("Synesis"), including through its former wholly-owned subsidiary, LLC 24x7 Panoptes ("Panoptes"), has supplied the Kipod Technology ("Kipod") to the Republic of Belarus for use with the "Republican System for Monitoring Public Safety" ("RSMPS"), which is a video surveillance and monitoring system. The RSMPS is used by the Belarus Ministry of Internal Affairs, as the State body authorised to coordinate the use of the RSMPS, and law enforcement agencies, including by security and police units. Kipod is a key part of the RSMPS.

The RSMPS, relying on Kipod, has provided the Ministry of Internal Affairs and law enforcement agencies with the capability inter alia, to track down civil society and pro-democracy activists, in order to repress them. Further, that capability has been so used. For example, following the elections on 9 August 2020, Nikolay Dedok, a civil society activist who was in hiding was tracked down by the RSMPS using the Kipod system. He was subsequently detained and tortured.

Synesis has therefore been involved in the commission of a serious human rights violation or abuse in Belarus and/or the repression of civil society or democratic opposition in Belarus as Synesis has been responsible for and/or has provided support for, either or both such activities; and/or that Synesis has been involved in the supply to Belarus of technology which could contribute to either or both such activities.

BELAERONAVIGATSIA Republican Unitary Air Navigation Services Enterprise is responsible for Belarusian air traffic control. It therefore bears responsibility for the order to intercept passenger flight FR4978 and compel its landing at Minsk airport, without proper justification, on 23 May 2021. In doing so, it acted on the direction of Alexander Lukashenko and in conjunction with the Belarusian defence forces. This resulted in the detention of the aircraft, its passengers and the crew, and the arrest of opposition journalist and civil society actor Roman Protasevich and Protasevich's partner Sofia Sapega. This politically-motivated decision was aimed at arresting and detaining opposition journalist Protasevich and Sapega and constitutes a form of repression of civil society and democratic opposition in Belarus.

JSC AGAT - Electromechanical Plant is named as one of a number of Belarusian defence companies on the website of the government authority, The State Authority for Military Industry of the Republic of Belarus (SAMI).

JSC AGAT – Electromechanical Plant manufactures the 'Rubezh' (Frontier), a barrier system designed for riot control which was deployed during the demonstrations that have taken place in the wake of the August 9 2020 Presidential elections in Belarus. JSC AGAT - Electromechanical Plant therefore provided support for, and made available equipment to police and security forces of the Ministry of Internal Affairs, which have contributed to, the

repression of civil society and of democratic opposition following the August 9 elections.

Furthermore, JSC AGAT - Electromechanical Plant is named as one of a number of Belarusian defence companies on the SAMI website. SAMI was established by the Belarusian President's Decree of 30 December 2003 and is described on its website as being "subordinate to the Council of Ministers of the Republic of Belarus and in certain aspects of its activity, in accordance with the current legislation, is subordinate to the President of the Republic of Belarus." It is therefore reasonable to conclude that JSC AGAT - Electromechanical Plant is responsible for, engaging in, providing support for, and promoting the wider efforts directed by the Belarussian regime to repress civil society and the democratic opposition.

OJSC BELARUSKALI is one of the world's largest producers of the key fertilizer ingredient potassium chloride (potash), and is 100% owned by the Belarusian state. As a state-owned enterprise, OJSC BELARUSKALI is a major source of revenue and foreign currency for the Lukashenko regime, including through the transfer of OJSC BELARUSKALI's profits to the National Development Fund which is directed by Lukashenko. Export duties and taxes generated by OJSC BELARUSKALI account for 8-10% of the total budget of the Government of Belarus, and are therefore critically important in maintaining the regime and enabling its actions. Through the production of potash and its treatment of striking workers during the protests and crackdown in 2020, OJSC BELARUSKALI has helped prop up the authoritarian rule of Lukashenko's regime. OJSC BELARUSKALI therefore is or has been involved in providing support for the Government of Belarus, which has taken actions to undermine democracy and the rule of law, repress civil society and the democratic opposition, and commit serious human rights violations.

Andrei Veniaminovich Yarin is the Chief of the Presidential Domestic Policy Directorate in the Presidential Executive Office. The Presidential Office is a state body providing support for the President's work and monitoring the implementation of the President's decisions and overall Governmental policies and most important action. Russian opposition leader Alexey Navalny was the victim of an attempted assassination during his August 2020 visit to

Siberia, in which a chemical weapon—a toxic nerve agent of the Novichok group—was used. The activities and movements of Alexey Navalny during his journey to Siberia, from where he intended to return to Moscow on 20th August 2020, were closely monitored by the authorities of the Russian Federation, including the Federal Security Service (FSB). Russia had the technical capability to carry out the attack. The Russian State has previously produced Novichoks and would still be capable of doing so. Within the last decade, Russia has produced and stockpiled small quantities of Novichok. It is unlikely that Novichoks could be made and deployed by non-state actors (e.g. a criminal or terrorist group). Russia had the operational experience to carry out the attack. Russia has a proven record of state-sponsored assassination. It is highly likely that the Russian state was responsible for the attempted assassination of Sergei Skripal in Salisbury in 2018 using a similar type of nerve agent. During the 2000s, Russia commenced a programme to test means of delivering chemical warfare agents, including investigation of ways of delivering nerve agents. Russia had the motive and opportunity to carry out the attack. Navalny was a high profile Russian opposition politician who vocally criticised the Russian administration and establishment. He was on Russian territory under surveillance by the Federal Security Service of the Russian Federation at the time of the attack. Given the role of the state within the attack, and the scale of the operation against Navalny, it is reasonable to conclude that the poisoning of Alexey Navalny was only possible with the consent of the Presidential Executive Office. As Chief of the Presidential Domestic Policy Directorate in the Presidential Executive Office, Andrei Yarin bears responsibility for the preparation, support for and use of chemical weapons in the attempted assassination of Alexey Navalny.

The activities and movements of Alexey Navalny during his journey to Siberia, from where he intended to return to Moscow on 20th August 2020, were closely monitored by the Federal Security Service of the Russian Federation.

Russia had the technical capability to carry out the attack. The Russian State has previously produced Novichoks and would still be capable of doing so. Within the last decade, Russia has produced and stockpiled small quantities of Novichok. It is unlikely that Novichoks could be made and deployed by non-state actors (e.g. a criminal or terrorist group).

Russia had the operational experience to carry out the attack. Russia has a proven record of state-sponsored assassination. It is highly likely that the Russian state was responsible for the attempted assassination of Sergei Skripal in Salisbury in 2018 using a similar type of nerve agent. During the 2000s, Russia commenced a programme to test means of delivering chemical warfare agents, including investigation of ways of delivering nerve agents.

Russia had the motive and opportunity to carry out the attack. Navalny is a high profile Russian opposition politician who vocally criticised the Russian administration and establishment. He was on Russian territory under surveillance by the Federal Security Service of the Russian Federation at the time of the attack.

The Federal State Unitary Enterprise State Scientific Research Institute for Organic Chemistry and Technology (Gosniiookht) is a state research institute within Russia with responsibility for the destruction of chemical weapon stocks inherited from the Soviet Union. The institute in its original role, before 1994, was involved in the development and production of chemical weapons, including the toxic nerve agent now known as 'Novichok'. After 1994, the same family who owned the institute took part in the government's program for destruction of the stocks of chemical weapons inherited from the Soviet Union. The subsequent deployment of a toxic nerve agent of the Novichok group against Alexey Navalny would therefore only be possible because the institute had failed to carry out its responsibility to destroy the stockpiles of chemical weapons. Russia had the technical capability to carry out the attack. The Russian State has previously produced Novichoks and would still be capable of doing so. Within the last decade, Russia has produced and stockpiled small quantities of Novichok. Primary Name: 1: Prophane Victor **Position:** Former member of the Haitian Parliament, involved in weapons trafficking and using violence to secure political gain. **Nationality(/ies):** Haiti **Gender:** Male **Sanctions Imposed:** Asset freeze, Travel Ban **UK Statement of Reasons:**

Prophane Victor was listed on 27 September 2024 pursuant to paragraph 15 of resolution 2653 (2022) for the measures listed in paragraphs 3, 6, and 11, as further elaborated by paragraphs 16(a) and 16(b) of resolution 2653 (2022).

Other Information: Prophane Victor has long been involved in activities that threaten the peace, security, and stability of Haiti, as well as the entire region. In particular, he has been supporting and arming gangs, trafficking weapons, diverting government revenues, and using violence to secure his political and financial gains.

Prophane Victor served in the most recent National Assembly (2016-2020) where he was Member of Parliament (député) for Petite Riviere, Artibonite department, an area with increasing levels of violence and gang control. To secure his election as député in 2016 and his control over the area, Prophane Victor started arming young men in Petite Riviere who went on to form the Gran Grif gang, currently the main perpetrator of human rights abuses, including sexual violence, in the Artibonite department (see S/2023/674, para 75). He is no longer a Member of Parliament and is not serving in any political position.

In addition to securing his political foothold through the use of gangs, Victor is a former senior Customs officer and a businessman who has control over parts of the Customs department, allowing him to build wealth and enabling him to engage in a range of criminal activities with impunity. According to reporting from January 2023, Victor threatened customs officers in their work.

Victor continued to support Gran Grif gang until 2020 and has since supported rival gangs in that area (see S/2023/674, para 75). **Designation Source:** UN **Date Designated:** 30/09/2024 **Last Updated:** 01/10/2024 **Unique Id:** HAI0007 **OFSI Group ID:** 16595 **UN Reference ID:** HTi.006

Luckson Elan was listed on 27 September 2024 pursuant to paragraph 15 of resolution 2653 (2022) for the measures listed in paragraphs 3, 6, and 11, as further elaborated by paragraphs 16(a) 16(b), 16(d), 16(e), and 16(f) of resolution 2653 (2022).

Other Information: Luckson Elan, leader of the Gran Grif gang, has long been involved in activities that threaten the peace, security, and stability of Haiti, as well as the entire region. His gang is the largest and most powerful in the Artibonite Department and has been expanding its territorial control, committing human rights abuses, and trafficking weapons and ammunition.

On February 8, 2023, members of the Coalition of Jean Denis self-defense group intercepted a vehicle coming from Port-au-Prince which was carrying several crates of arms and ammunition destined for the Gran Grif gang (see OHCHR report, "Criminal Violence Extends beyond Port-au-Prince," Nov 2023).

Under Elan's leadership, the human rights abuses and other crimes committed by the gang include extrajudicial killings, rape, recruitment of children, robbery, destruction of property, kidnapping, and hijacking of trucks. For example, on November 30, 2023, Luckson Elan killed a woman for refusing to have sexual relations with him. In April 2024, Gran Grif committed attacks on the judiciary by killing two lawyers.

Between October 2023 and January 2024, Gran Grif committed nine mass kidnappings, including 157 people. Gran Grif has also committed some of the highest levels of child recruitment in Haiti. **Designation Source:** UN **Date Designated:** 30/09/2024 **Last Updated:** 01/10/2024 **Unique Id:** HAI0008 **OFSI Group ID:** 16596 **UN Reference ID:** HTi.007

Primary Name: 1: Dimitri Herard **Phone Number:** +50934371184 **D.O.B:** 04/02/1986, 19/08/1980 **Place of Birth:** 1: Port-au-Prince, Haiti **Nationality(/ies):** Haiti **Passport number:** PP5143023, PP4605101 **National Identifier Number:** 1006829931, 003-275-594-6 **National Identifier Additional Information:** Record from the National Identification Office, issued at Pétiön-Ville on 27 December 2019, expires 27 December 2029, Fiscal identity **Gender:** Male **Sanctions Imposed:** Asset freeze, Travel Ban **UK Statement of Reasons:**

Dimitri Herard is a former Haitian police officer and head of the National Palace General Security Unit (USGPN). From 2017 to 2021, he engaged in actions that threatened the peace, security, and stability of Haiti. In particular, he was charged by the Haitian authorities for complicity in threatening the country's national security, including the assassination of President Jovenel Moise and attempt to the life of the former First Lady, Martine Moise. Mr. Herard was arrested in July 2021. He escaped from the National Penitentiary in Port-au-Prince on 2 March 2024 and is currently wanted by the Haitian National Police (HNP) for a range of violent crimes that include homicide, burglary, rape, armed robbery, acts of terrorism and escape from prison.

Dimitri Herard represents one of the primary threats to both the political transition in Haiti, as well as to any future government. He has been supporting individuals sanctioned by the United Nations,- including Jimmy Chérizier (alias "Barbeque" – HTi.001); Johnson André (alias "Izo" – HTi.002) and Renel Destina (alias "Ti Lapli" – HTi.003), he has strong ties with some of the most violent gangs in Haiti and has been colluding with the Viv Ansanm alliance, as well as with Guy Philippe and other political, private and security actors with whom he is currently conspiring to seize control of the country by force. Mr. Herard is behind Viv Ansanm's coordinated attacks against State institutions that started in late February 2024, including planning the attacks and providing certain gangs with training and firearms. Since his escape from prison, Mr. Herard has sought refuge with the 5 Second gang (led by Johnson André, alias "Izo" - HTi.002) in the Village de Dieu neighborhood of Port-au-Prince, and with Guy Philippe in Pestel, Grand'Anse department.

During his service at the USGPN, Mr. Herard played a significant role in fuelling the trafficking of illicit arms and drug in the country by diverting HNP weapons, importing arms and ammunition illicitly from abroad, and moving

drugs for criminal organizations in the region.

Dimitri Herard continues to be involved in significant criminal activities that have fuelled gang violence and instability across Haiti, including human rights violations and the obstruction of the delivery and distribution of, and access to, critical humanitarian assistance in the country. He was sanctioned by Canada for having committed acts that undermine the peace, security and stability of Haiti on 21 March 2025. He has provided logistical support to criminal gangs and political actors w

ho aim to overthrow the government and is also an associate of Izo, already sanctioned by Canada for reasons concerning serious and systemic human rights violations.

Primary Name: 1: Kempes Sanon **Alias - A.k.a:** 1: Kempes **Address:** Port-au-Prince Haiti **D.O.B:** 16/06/1979 **Nationality(/ies):** Haiti **Gender:** Male **Sanctions Imposed:** Asset freeze, Travel Ban **UK Statement of Reasons:**

Kempes Sanon, alias “Kempes”, is the leader of the Les Argentins gang (also known as the Bel Air gang), which has around 150 members. The gang’s stronghold is located in the Haut Bel-Air area of Port-au-Prince, Haiti. Kempes has been involved in various actions that threaten the peace, security, and stability of Haiti. In particular, he has engaged in systematic violations of human rights, firearms and ammunition trafficking, and supporting individuals designated by the United Nations Security Council, including Jimmy Chérizier (alias “Barbeque” - HTi.001).

Kempes Sanon has been playing a significant role in the consolidation of power by gangs over Port-au-Prince. Kempes was a founding member of the G-Pèp coalition, and has been playing a key role in enabling the growing hegemony of the Viv Ansanm alliance since February 2024. In particular, Kempes and his gang, along with Barbeque, the leader of the Delmas 6 gang and spokesperson of Viv Ansanm, conducted, in the course of several months, repeated assaults against the neighbourhood of Solino. Indiscriminate attacks against civilians and fighting with local self-defence groups resulted in many casualties and thousands of people having to flee their homes as a result of the extensive violence. Kempes and his allies eventually took full control of Solino in late October 2024 and, at the time of writing, are continuing to attack the last free bastions of Port-au-Prince, including Petion Ville and Haut-Delmas.

Kempes Sanon and his gang are involved in extortion, illicit taxation and kidnappings. He has a network of people working for him within governmental institutions, including within security agencies, which allow him to avoid arrests, launder money and undertake kidnapping.

Kempes Sanon is wanted by the Haitian National Police (HNP) as he escaped prison in 2021 where he was incarcerated for kidnapping, theft and assassination. In September 2022, the Dominican Republic banned Kempes from entering their territory and, on 4 March 2025, they designated the “Haut Bel-Air gang” (Les Argentins) as a terrorist organisation. In May 2025, the United States designated Viv Ansanm as a foreign terrorist organisation.

Viv Ansanm is a powerful and highly organized gang coalition operating in Port-au-Prince. Formed through the unification of several violent gangs, Viv Ansanm has played a central role in escalating violence and insecurity in the capital. The gang has significantly expanded its territorial control and operational capacity, contributing to widespread instability and undermining the rule of law.

Viv Ansanm has been responsible for serious human rights abuses and other criminal acts, including extrajudicial killings, kidnapping, extortion, and armed attacks on civilians and law enforcement. The gang has launched coordinated assaults on residential areas, particularly targeting neighbourhoods home to Haiti’s political and economic elite. These attacks have resulted in civilian deaths, mass displacement, and the destruction of property.

The gang's activities have also severely disrupted public services and governance. Law enforcement operations have been repeatedly repelled by Viv Ansanm's superior firepower and coordination. The gang's influence has grown amid Haiti's ongoing political crisis, and it is reported to have links with elements of the political elite, further exacerbating instability and blurring the lines between criminality and governance.

Viv Ansanm's actions constitute a direct threat to the peace, security, and stability of Haiti.

Over the past two years, the gang has been substantially expanding its territorial control, committing serious violations of human rights law, and trafficking weapons and ammunition. The violence is causing people to flee the area and is having an increasingly serious impact on food production, given that the Artibonite is one of the main agricultural departments in the country.

Human rights abuses and other serious crimes committed by the gang include extrajudicial killings, rape – including gang rape of children cruel and degrading treatment, robbery, destruction of property, kidnapping, and hijacking of trucks.

The gang's activities have also severely disrupted health services and law enforcement in the area. In particular, the gang has targeted the National Police on several occasions resulting in the death of seven police officers following an attack on 25 January 2023, and the occupation of a local police station in Savien, Petite Riviere commune.
